**TOWN OF CHRISTIANBURG
FOR THE BUDGET YEAR JULY 1, 2012 TO JUNE 30, 2013
EXECUTIVE SUMMARY
APPROVED 6-05-2012**

The budget for the Town of Christiansburg reflects four different funds, the general fund, which is used for all revenues and expenditures of the Town that are not designated or required to be accounted for in another fund, a permanent fund, a special revenue fund and an enterprise fund.

The Permanent fund is used to account for the activity of the Sunset Cemetery. Generally accepted governmental accounting principles requires that this be accounted for in a permanent fund because it will be required to have funds set aside for perpetual care in a separate fund balance from the general fund and will exist in perpetuity for the maintenance of the cemetery.

The Special Revenue Fund which is used to account for grants and contracts and donated funds that are restricted as to the use of the funds received as mandated by law, contract, or donor requirements and the revenues derived from the activity are the primary funding source.

The Proprietary or Enterprise Fund is used to account for the activity of the water and sewer operations of the town.

This approved budget for the fiscal year July 1, 2012 to June 30, 2013 reflects an increase in water and sewer rates. The increase in the water rates will increase the minimum water bill by \$1.00 for 2 months of service and sewer rates by \$1.00 for 2 months of service. The budget also includes a new bond in the amount of \$2.8 million dollars to fund a number of long term infrastructure needs which includes approximately \$1 mill for storm drain projects and \$2 mill for water and sewer improvements. The capital needs to be covered by the bond are noted in the capital schedule Exhibit 2. There is also an increase in the Motor Vehicle license fee from \$27.50 to \$30.00 per vehicle as well as increases in a variety of other fees as listed on page 2 of this document. The budget includes a 0.5% increase in the meals tax from 7.0% to 7.5% and an increase in the lodging tax of 2.0% from 7% to 9%. Other revenues are expected to be stable with very limited expectations of growth as the economic recovery in progress has been very slow. Revenue increases of significant amounts are not anticipated until growth and development in the Town occur. The State has reduced funding for a number of grants that has required absorption by the general fund of a number of costs previously funded by grant revenues reducing funds available for capital and expansion of services. The budget also includes an estimate for the LODA (line of duty) payments that were shifted from the State government to the local governments in 2012 as well as the recent legislation requiring the shift of the 5% contribution from the government to the employee. Although this initially appears to be just a shift from one line item to another it increases the cost to the town by approximately \$108,000 as a result of increased cost for social security taxes and Medicare taxes from both the employer and employee as well as an incremental increase in the employer share of the VRS contribution.

Total Revenues expected for the general fund are \$26,732,410 which includes \$2.8 mill from the above mentioned bond. General fund budgeted operating expenditures are \$21,675,367 and an additional amount of \$3,120,500 for capital equipment and capital construction. Debt payments included in the operating budget of the general fund is \$ 1,112,850. The cemetery fund revenue is expected to be \$97,040 with operating expenditures of \$170,007 and funds to the perpetual care reserves of \$26,000 requiring support from the general funds of \$98,967 plus an additional amount for \$108,000 for capital acquisitions. Special Revenues funds are generally equal to the expenditures except as their designated reserves are expended. The current expectation for grants and donations is \$2,798,232 in revenues and \$3,682,694 in expenditures, the difference is primarily the expenditure of a portion of the Renva Knowles funds received in 2011 and expenditure of

other designated and reserved fund balances. The enterprise fund for water and sewer is expected to generate \$7,223,000 in revenues and have operating expenditures of \$6,933,156 which includes the cost of debt service (\$959,860). Capital needs for the enterprise are \$2,248,400. The enterprise fund will require support from the general fund of \$1,958,556 which will come primarily from the new bond issuance.

The town under this approved budget would therefore use unassigned fund balance in the amount of \$378,980 in 2013. It is anticipated that the beginning unassigned fund balance will be approximately \$12.7 million dollars on July 1, 2012 and will have an ending unassigned fund balance at June 30 2013 of \$11.5 million. In accordance with our fund balance policy to maintain unassigned fund balance between 30% and 45% of prior year expenditures the above use of reserves is approximated to leave the Town with 40% in unassigned fund balance at the end of the 2013 fiscal year.

The fire department serves to protect the life, property, and environment in the Town and departmental funding includes salary and wages, as well as related fire prevention programs and equipment expenses. The Fire Chief is the only full time employee of the department, however a portion of salaries for building maintenance and janitorial services are also allocated to the salary line item. There are a few parttime administrative personnel that are classified as wages that assist the chief with administrative duties, inspections and investigations. This budget also includes one third of the cost of dispatch personnel. All other fire personnel are staffed by a group of dedicated volunteers.

The Lifesaving and Rescue Squad provides emergency medical services to the Town and departmental funding includes salary and related programming and equipment expenses. The Rescue Captian is the only full time employee of the department, however a portion of salaries for building maintenance and janitorial services are also allocated to the salary line item. There are a few partime administrative personnel that are classified as wages that assist the captian with administrative duties and medical records keeping. This budget also includes one third of the cost of dispatch personnel. All other rescue personnel are staffed by a group of dedicated volunteers.

FIVE YEAR REVENUE AND EXPENDITURE PROJECTIONS

The five year projection which comprises Part II of the budget document, although not a part of the budget is intended to supplement the budget by affording the Town Council some guidance for the future financial planning for the Town.

The forecast includes moderate growth and inflation in all other years. The economic recession of the past several years has strained the revenue resources of the Town and resulted in reduced capital investments in infrastructure and equipment, a condition that is not sustainable over time. We do have some economic indicators that are positive toward future growth which we believe may provide for revenue growth in 3-5 years.
