

Christiansburg Aquatic Center

Monthly Report: August 2012

Terry Caldwell, Director

- Maintenance shut down week August 20-25. Very busy time draining leisure pool and therapy, cleaning and re-fill, cleaning of all windows, waxing floors, cleaning inside bulk head, etc. Next year will be our third year of operation and will require a longer shut-down period to decrease overtime and tackle items that have been put aside due to time constraints.
- Spoke to the New River Valley Leadership team in regards to economic impact.
- Requiring an update of all aquatic employees training in Blood Borne Pathogens. All aquatic employees are also certified in CPR/First Aid.
- Review of employee goals
- Hiring a new round of part-time employees for front desk and lifeguarding. Many original employees have either moved on to other forms of employment or school.
- We welcome Stephanie Goens to the aquatic center as the Lifeguard Supervisor and promote Ethen Phillips to the Aquatic Supervisor position. Scott Bennett has moved into the Facility Coordinator position.
- Hiring and keeping custodians has been a challenging task, the position announcement remains constant on the web page.
- Attended the Volunteer Webinar, Safety Committee and June storm meetings.
- Developed the *Communication Group* meeting schedule. This varies monthly on date and time and is intended to give all employees the opportunity to share challenges they face or suggestions in operations.
- A closing hot line has been added to the phone tree.
- Bids are being prepared for the release of a one sheet glossy advertisement to be placed at rest stops and area business promoting the AC.

Allison Zuchowski, Aquatic Services Manager

- Hired and oriented six new lifeguards for our Aquatics Team.
- Helped with the filming of the CAC advertisement video.
- Helped with lifeguarding duties due to shortage of part-time lifeguards in the month of August.

Scott Bennett, Assistant Facility Coordinator
