Plans may be submitted to the Town on any business day of the month (Rolling Submittals).

TRC Determinations:	
1	The application is ready to move forward for signatures and approval; or
2	The application needs minor changes (e.g. add a sidewalk or change a valve size) and will move forward after either the applicant makes the minor change and submits the change to the relevant town departments and planning department, or the TRC revises its comments to allow the condition; or
3	The application needs changes and will be eligible for a subsequent TRC review providing the applicant makes the corrections and resubmits the revised plans within three days following the TRC determination; or
4	The application needs substantial changes and the application will need to be revised and resubmitted for another full *TRC review cycle.

*Full TRC Review Cycle = 28 Days from Sufficiency Review Approval
Sufficiency Review will be performed a minimum of once per week.
